

# Molino Grinder

**Fact Sheet**

# Molino Grinder

Design by Fabien Cappello

Think of the Molino Grinder as a functional sculpture for your tabletop. This super-sized, hand-painted utensil is efficient at granulating salt, pepper and spices, but its blown-up stripy form is a graphic monument for your dinner table, too. Molino is a characteristically exuberant design from Fabien Cappello whose work reflects the energy and vivacity of Mexico, where he lives and works. Each Molino grinder is made from turned solid beech wood and is individually hand-painted by skilled decorators, giving every object a unique character. Molino is finished in a high gloss lacquer.

| Product name                     | Finish          | SKU   |
|----------------------------------|-----------------|-------|
| <b>Molino Grinder Horizontal</b> | Green / Yellow  | 30700 |
|                                  | Green / Magenta | 30701 |
|                                  | Black / White   | 31059 |
| <b>Molino Grind Vertical</b>     | Honey / Magenta | 30698 |
|                                  | Honey / Blue    | 30699 |
|                                  | Black / White   | 31060 |

**Material**  
Wood  
Hand-painted beech

**Grinder**  
Molino Grinder uses as high-quality ceramic grinding mechanism called CrushGrind®, making it highly flexible and capable of grinding salt, pepper, whole dried herbs and spices all with the same grinder

**Country of origin**  
Poland

**Always in stock**  
We keep all our products in stock and ready to ship from our warehouses in the US and EU

**Honey / Magenta**  
*Hand-painted beech*

**Honey / Blue**  
*Hand-painted beech*

**Green / Yellow**  
*Hand-painted beech*

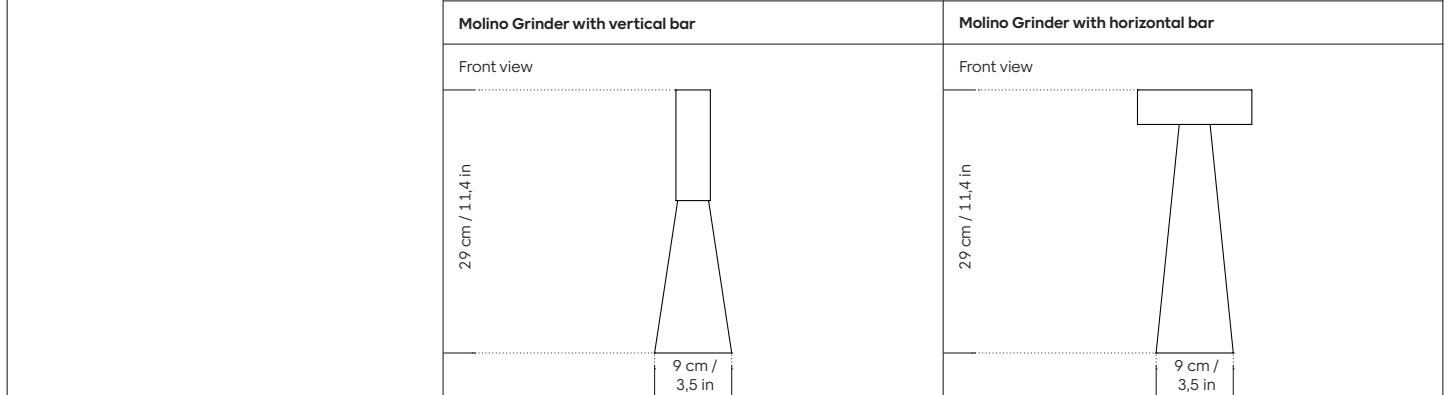

**Green / Magenta**  
*Hand-painted beech*

**Black / White**  
*Hand-painted beech*
