## **CLASSIC MATERIALS MEET MODERN AESTHETICS**

The Japanese designer Tatsuo Kuroda has created a chair which unites classic materials with modern aesthetics. With a clean and simple expression, the Knot chair leads the thoughts to classic 1950s furniture. The structural components of the chair are tied together with paper cord, which provide both support and a stylish visual expression; and, despite Kuroda's Japanese background, he has been inspired by traditional Scandinavian design. The result is comfort for both body and eye.

## PRODUCT FACTS

### Description

The Knot chair is an elegant fusion of classic materials and modern aesthetics. The overall impression is determined by the details, such as the dominant jointing points in natural paper cord, which also provide optimal sitting comfort.

### Designer / Year Of Design

Tatsuo Kuroda / 2012

### Material

Painted and lacquered ash veneer / Paper cord

### Construction

Knot chair is made from solid wood that is bent into shape and equipped with a seat of curved veneer. The overlapping of the bent wood components creates a wider armrest and the meeting points are tied together with natural paper cord. The chair is delivered assembled.

### Maintenance

Clean with damp cloth. Avoid getting the chairs wet, as the color can rub off. We recommend to check and tighten screws every 3-6 months. Please make sure your choice of glides is suitable for the type of flooring. We recommend to check the glides every 3-6 months. If worn down, please replace. Please be aware that sharp objects can leave marks.

### Accessories

Comes with PP glides. Felt glides can be purchased separately. See [Glides Overview](#).

### Test

EN 1022:2005 and EN 16139:2013. Level 2
