# Palette Cutting Board

Design by *Spiritual Objects*

If you consider yourself an artist in the kitchen, then we might just have something for you. Designed by Spiritual Objects, Luc Fuller's multi-disciplinary studio in Los Angeles, the Palette Cutting Board is a typically irreverent object, reflecting Fuller's playful pop culture sensibility. No object is too minor to become a focal point. And so here the humble chopping board becomes an object of curiosity, a pop culture motif. Thick solid wood, bold ergonomic form, the Palette Cutting Boards can even be hung on your wall when not causing mass appeal on your kitchen countertop.

Available in walnut or oak.
