

Tig Hook

Fact Sheet

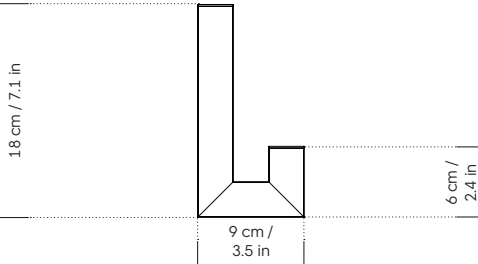

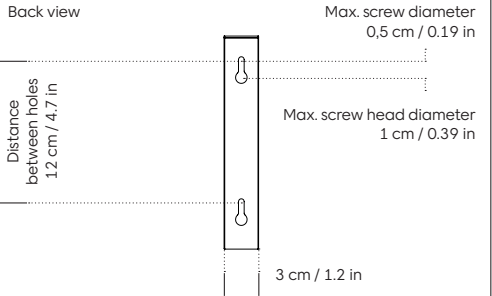

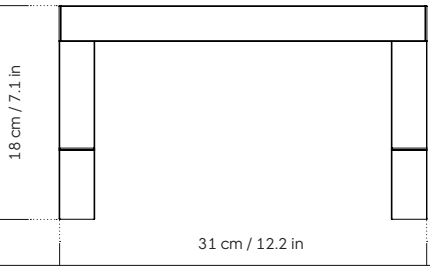

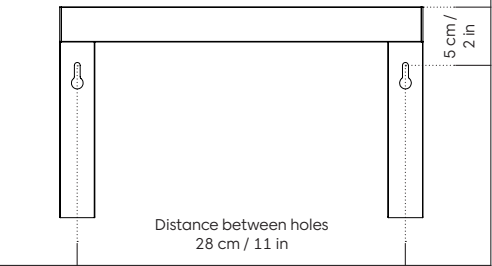

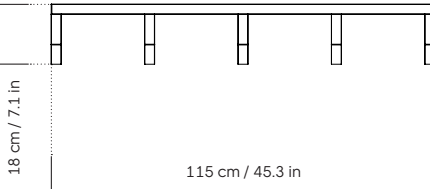

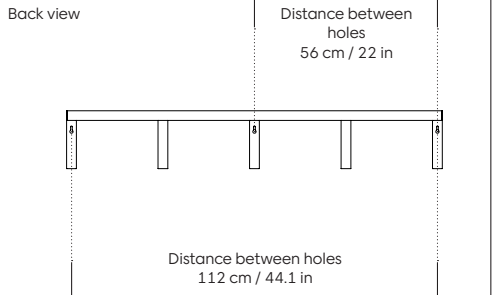

Tig Hook

Design by Kwangho Lee

Tig Hooks are industrial and tough, an unorthodox addition to your wall. Cool aluminum is constructed with unexpectedly decorative slugs of molten metal. Welding is a manufacturing detail normally hidden or removed but here it is preserved and amplified by designer Kwangho Lee. The hooks in this series are over-sized and tough, strong functional objects with a 'more than' spirit. Choose single hooks for a peppering of metal adornment or find space for the monolithic 5-arm multi-hook for maximum impact and ultimate brutal utility.

Product name	Finish	SKU
Tig Hook Single	Aluminum	30738
Tig Hook Double	Aluminum	30739
Tig Hook Quintuple	Aluminum	30740
