

Osso Table

Osso had to be the illustration of what Mattiazzi is in its roots. Ronan & Erwan Bouroullec were inspired by the Mattiazzi's philosophy and its hybrid way to consider furniture production. The Osso collection includes a chair, an armchair, stools and a complete range of tables. Wood has the key role in Osso and it can express all its sensuality. The Osso chair invites to be touched, even caressed as it is extremely sculpted and polished thanks to the use of highly sophisticated digital control equipment.
