# Filo Chair

The Filo chair, designed by Ronan & Erwan Bouroullec, is their fourth collection designed for Mattiazzi, following Osso, Uncino and Quindici. Filo is a chair with a graphical sensibility that when seen from the side appears as an almost typographic letter that has character and purpose. The repeating lines of fabric cord extend this graphical presence, distorting subtly as the body sits down, giving a soft, personal form to the chair.
